TABLE XII.—RATES OF WAGES FOR 52 YEARS.

[In certain establishments the payrolls failed to show daily rates for all occupations, hence while most of the establishments here presented are substantially complete, very few are actually so, and some exhibit only leading occupations. The following may be said in explanation of this condition of affairs: Average daily earnings have been given for piece workers where possible, but in many instances no record of time was kept and it was, therefore, impossible to give such earnings. In many of these cases it was also impossible to secure a piece rate, owing to lack of uniformity in the description of the unit during the various years. In addition to these, such occupations as were considered not strictly industrial and in which the rates of pay were very irregular, as officials, clerks, etc., were omitted. In a few instances the condition of the payroll itself made it impossible to secure a complete presentation of certain occupations. The occupations, however, which are given are substantially complete.]

TABLE **XII.**—RATES OF WAGES FOR 52 YEARS—Continued.

CAR AND SHIP BUILDING: ESTABLISHMENT NO. 32, DELAWARE.

[For this establishment it was impossible to obtain a statement in regard to the whole number of employes. Conclusions in regard to increase or decrease in wages should not, therefore, be drawn from the averages shown here. The various rates, however, shown under the several occupations, represent fairly the course of wages.]
